نوبت پنج شنبه صبح

لغات مهم صورت سوال

decongestant congest hemorrhagic abscess attending antidepressants ethnicity
complications demonstrate consequences propose ethical moral formulate
counteracts

لغات مهم گزینه ها

Sticky stiff stuck stuffed recovered contracted developed caught misled debriefed impaired
repaired lacks provides has completes extracted evolved emitted separated stimulating
energizing agitating sedating discrimination dissemination dissatisfaction disintegration perceptions
precautions conversions assumptions spacious rigorous hideous outrageous invading trivial
extensive sparse inhibition coordination rehabilitation starvation rectify facilitate soothe refute
rule out look up put out put off reinforces restrains neutralizes exacerbates initiate withstand
augment generate interactions inferences implications alternatives conducive to vulnerable to
irrelevant for unavailable for intricate intermittent introvert intrusive impartial underlying imprecise
underpaid immersed suppressed impressed addressed

لغات مهم درک متن

Consciousness suitably impress critical genuine faint Occasionally shortage bleeding
surprisingly dramatic vaguely properly straightforward passing out injection rule out
complaints interrupted significant competency malpractice majority allegations
arise from substantial proportion surprisingly impede dissatisfaction explanation
misunderstand reveal competency properly induce painkiller well-trained
skepticism addictive substitute elevate indifferent toward precisely misconception executive
practitioners brainstorming intend to inadequate practical misunderstanding independently
improper exotic practical contributes

english for medical students

لغات مهم صورت سوال

Constant responsible for reputation promoting ethical insomnia recurrence
explanation well-being traditional limitations post-operative conventional
debate contact preventive measure strengthen

لغات مهم گزینه ها

invaders inventors innovators insulators improve contain implant retain incubation outbreak
outgrowth affection offspring colleagues family ancestors repulsion onset submission defense
obstacle to contribution to obsession with competition with fatality legality capability fatigue decency
literacy efficacy controversy esthetic prosthetic rhythmic cosmic uninhibited inclined eager
unwilling emit sustain alleviate allocate include saturate consume promote dormant unique
communicable viable maintenance disturbance disposal magnitude intervention circumstance
conviction interaction efficiency decline supremacy innovation accountability permeability
severity susceptibility opponents advocates proponents subordinators enormous futile
disseminated trivial shrink contain detain maintain

لغات مهم درک متن

Investigators consistent adverse distressed Correlations indicating that
capture comprehensive measurement disability mortality psychiatric disadvantaged
reliable variable meaningful quantity facing exhibit rule out distress responsible for
correlations presence disabilities frequency agricultural nutrition Emerging
mortality urban hygiene dramatic intensive downgrade belter eradication
eliminate preventive measures equally equal puberty performance strengthen
boost endurance fundamental prevents demonstrate conform proper adequately
precisely conducive characteristic improper advisable distinguish between classified
ultimate attributes subdivision throughout interchangeably distinct

نوبت چهارشنبه عصر

لغات مهم صورت سوال

associated with measles equipment readily prevent nutrition insufficient beneficial
adequate significant solid existed participants closure questionnaire wound

لغات مهم گزینه ها

accomplished elevated diminished elaborated recessive vulnerable dormant impetus endured
eliminated yielded failed challenging revenging assessing enumerating the impact of a response against
an association with the function of prevalent benign fatal stable excluded contended compounded
implemented concealed ceased sealed seamed migrations perspectives extractions survivals
susceptible to aware of suspicious about resistant to decayed ruptured suspended rectified
rehearsal remission remittance regression cut off give up cut down give in retain stabilize
potentiate compromise certificate literature registration ailment illusionary controversial
concurrent sensible distend disguise disgust disrupt scarring curing restoring repairing
enrichment endurance enactment establishment reception redemption perception deception

لغات مهم درک متن

implant array master assimilate incorporate **insight** practice initiative invasion establish
invasion replication presence alter illustrate attenuate recipient prevention discernible
measle occur bloodstream throughout localized agent swallow intestinal tract deformed
virulent weakened septic poisoning hinder spread congenital accelerate
stimulus evident innumerable invaluable potent comprise malignancies properties
constitute hazardous priorities comprehensive commercial detailed affected by expert
quite unforeseen unexpected worsens outcomes insurance forgettable manageable financial
extent authorities indifferent afford
