نوبت پنج شنبه صبح

لغات مهم صورت سوال

likely hygiene comprehensive innovative painkillers collaboration simultaneously
throughout ethical mercy killing

لغات مهم گزینه ها

diffuse contain detect induce maintains excludes impedes represents
assess alleviate diminish reinforce abandons impedes interferes with contributes to
implication application expertise compromise soothing trivial persistent conforming inherited
survived startled accomplished intrusion negligence collaboration contention aspirations superstitions
promotions prescriptions integrated terminated substantiated initiated avoid imply condemn swear
determinant incentive inquiry persuasion consensus on commitment to contribution to confession on
fluctuate alleviate aggravate illustrate hypertension hyperventilation dizziness numbness
courageous sedentary gloomy conservative orients afflicts contracts mandates bend contract
compensate withstand controversies innovations burdens incentives jeopardized compelled tailored
burdened

لغات مهم درک متن

Primitive witchcraft religious penetrating Consequently practices attitudes realm
anthropology ethnology disciplines components generations pass through contributed to
substitutes emergence unsettled intervention elements departure comparable performance
rituals deemphasizing establishing scholarly rapport with presumably capacity
autonomously accumulated scratch conceptualized impede dissemination self-reliance
fundamental conundrum facilitates accelerates hinders stimulate facilitator acquisition
ultimately unimaginable intellectually alleviate witnessing fascinating profession
complicated competitive aptitudes application applicant unprecedented unprejudiced capable
fascination preoccupation deceiving gifted identify criteria measure evolve withdraw
abuse controversy promising reliable

نوبت پنجشنبه عصر

لغات مهم صورت سوال

Insufficient thickening Drains appetite stimulate virulence strains congestion
malnutrition lethargic depressed hemorrhage superficial contraindications
performing purpose outpatient wound

لغات مهم گزینه ها

distorted applied confirmed reflected concentration incidence deficiencies indications minerals
deposits nutrients substances dispatched penetrated perforated inserted hampered concealed
promoted accelerated converse accomplish agitate aggravate insidious precious lucrative tentative
intoxicated evaporated attenuated neutralized viral vital fatal lethal eradicated encouraged
released sustained evolves flourishes refines aggravates optimistic listless enthusiastic tranquil
elevated appreciated forbidden accelerated eliminate alleviate purchase induce apprehensive
disappointed exhausted anxious enhancement competence adherence degeneration invest evade
avoid invade avoided removed operated transmitted immunized anesthetized hospitalized energized
drain apply inject swallow

لغات مهم درک متن

prevention pioneering delivered pessimistic unsubstantiated association neutral
confident influential plague contributing sedentary artificially availability substantially
threatening engaged in practically protective discouraging embarrassing extensive
handicaps urgency absence dropouts deterioration proper applying occurrence
eliminated discouraging inadequately handicaps failure admire critical indifferent
associated with urbanization implemented encourage accompanied by
primary prevention mitigate innovative adherence surveillance fundamentally
disability throughout sustained accelerate subject suitable preventive

نوبت جمعه صبح

لغات مهم صورت سوال

infected by property adverse carried out clot probable requirement nutritional
reversed appreciate merely encounter

لغات مهم گزینه ها

susceptible vigilant potent respectable sacrificed organized identified delegated impressed
suppressed eradicated compensated tolerance abstinence maintenance prominence convey
postpone confirm condemn undersigned induced undermined inferred collaboration submission
confrontation incidence recover detect shrink trigger inserting distorting implementing
dominating terminated resumed assumed tabulated monotonous furious homogeneous precious
retarding lactating manifesting competing repulsion convulsion remission induction lethal liable
advisable eligible commence convert conceal conceive suppressing pursuing undermining
underestimating indicate advocate allocate replicate addresses asserts accomplishes maintains
remissions complications contradictions ramifications superiorities priorities contributions afflictions

لغات مهم درک متن

Underestimate contradictions claim Verification questionable initiating authenticate
erroneous resolving accurately misinterpreted acknowledge occasional appropriately
misinterpretation justify find out deprived committed adverse boosts
performance outperform increasingly recall partially substances Moisture
odor mold diminished adverse runny nose emitted from deteriorating
hairsplitting nuisance abundant eliminate destructive coexist benefactor
irrelevant dramatic imprinting affective seasonal regulates pneumonia
