نوبت پنج شنبه صبح

لغات مهم صورت سوال

Addictive fatal satisfied with regulations implications characterized
Virtually predictions widespread preventive measures spread promising
operate Investigation competent wellbeing

لغات مهم گزینه ها

harmfully beneficially appropriately advantageously aggregated alleviated elevated worsened
contributions manifestations applications interruptions emitting exiting rising quitting afford
affirm confirm confer developing dispersing aggravating eradicating profound trivial hazardous
minimal restrictions utilization inhibition deterioration applications investigations contaminations
associations advisable promising rewarding adverse addiction suspension outbreak outskirts
reluctantly willingly ignorantly pessimistically vitality affinity frailty maturity prompt delayed
desperate destructive contribution to scope of consensus on struggle for determinants deterrents
detectors detergents precedes prevents projects promotes cope converse interact deal
aspirations medications intentions emissions

لغات مهم درک متن

steady elements characteristic sequence perform dominant responsible for
stability denaturation malfunction manipulating optimize performance
intermittent supplements tracking achievable associated with routine
restoration objectives deliberately unbelievably manipulating consequences
optimization highlights Intermittent impairment suicide outpatient persistent
negligible trivial desirable complicated admitted subsiding curable magnitude
deadliest unpredictable dealing with astonishing performing cooperation
magnitude prevented preventable fatality features identical
